

MT Sample Submission Form

Biomolecular Interaction Platform

cicCartuja

Fecha :

Identification

1. Applicant

Full Name :

Workplace :

E-mail :

Phone :

Information of Sample

2. Sample Name :

3. Mass information

Chemical formula :

Exact mass :

4. Solid Sample

Quantity (mg) :

Solubility :

5. Sample in solution

Concentration (mg/ μ L, mM) :

Solvent, Buffer :

6. Matrix :

HCCA

SA

2,5-DHB

Technician
decides

7. Other relevant information (Type of compound, purity level, toxicity, etc) :

(If possible, attach an image of the skeletal structural formula to the form)
