

NMR Sample Submission Form

Biomolecular Interaction Platform

cicCartuja

Fecha :

Identification

1. Applicant

- Full Name :
- Workplace :
- E-mail :
- Phone :

2. Principal Investigator (If different from the applicant)

- Full Name :
- Workplace :
- E-mail :
- Phone :

Information of Samples

- Sample(s) name(s) :
- Molecular weight (or number of residues) :
- Solvent – buffer / additives / % D2O :
- pH (or min/max) :
- Temperature (min/recommended/max) :
- Degree of purity (what type of impurities may the sample contain) :

- Sample concentration (mM) :
- Isotopic labelling (^{13}C , ^{15}N , ^2H , etc) :
- Stability (with advice for short- and long-term storage) :

- Any other relevant sample information :

Information of Experiments

1. Type of NMR experiments to be performed and estimated time for each experiment (details of the work to be carried out & total time requested) :
