

# LS Sample Submission Form

Biomolecular Interaction Platform

cicCartuja

Fecha :

## Identification

### 1. Applicant

Full Name :

Workplace :

E-mail :

Phone :

### 2. Principal Investigator (If different from the applicant)

Full Name :

Workplace :

E-mail :

Phone :

## Information of Samples and Experiments

### 1. Sample Name :

### 2. Analysis to be performed :

Particle Size

Molecular Weight

Z Potential

### 3. Stability and Storage Conditions :

### 4. Buffer and Solvents :

### 5. Concentration of the samples ( $\mu$ M) :

### 6. Purity Levels :

### 7. Oligomerization or Aggregation state :

### 8. Other relevant information (KD estimates, CMC detergents, reducing agents, etc.)

(Print as many copies of this page as needed)

1. Sample Name :
2. Analysis to be performed :      Particle Size      Molecular Weight      Z Potential
3. Stability and Storage Conditions :
4. Buffer and Solvents :
5. Concentration of the samples ( $\mu\text{M}$ ) :
6. Purity Levels :
7. Oligomerization or Aggregation state :
8. Other relevant information (KD estimates, CMC detergents, reducing agents, etc.)

1. Sample Name :
2. Analysis to be performed :      Particle Size      Molecular Weight      Z Potential
3. Stability and Storage Conditions :
4. Buffer and Solvents :
5. Concentration of the samples ( $\mu\text{M}$ ) :
6. Purity Levels :
7. Oligomerization or Aggregation state :
8. Other relevant information (KD estimates, CMC detergents, reducing agents, etc.)
